

Dear Judge Peir

This is why people at
Packard-Delphi get so upset
we keep giving and they (D.M.)
keep taking, we need our
health care.

If they can give Henderson
\$8.7 million in compensation.

Compensation for what?
General Motors can pay our
health care as they promised
they would.

Thank you for
your time.

Bonita Hill

We the little
people who are
hurting need to
be compensated.
